OBJECTIVES

The Congress will bring together leaders in the field to deliver engaging keynote lectures and invited speakers to lead meet-the-expert and symposia sessions. Knowledge, expertise and the latest research will be shared designed to inform, innovate and stimulate discussion and collaboration, across clinical, scientific and allied health professionals.

1. Disseminating Knowledge: Sharing the latest research findings, clinical practices, and technological advancements in the diagnosis and treatment of endometriosis.

2. Promoting Awareness: Raising awareness among healthcare workers about the impact of endometriosis on women's health and quality of life.

3. Encouraging Collaboration: Facilitating networking and collaboration between researchers, clinicians, and patient advocates to drive innovation and improve care.
