WHO SHOULD ATTEND

This workshop is intended for gynaecologists and trainees who are new to TLH or have limited experience performing the procedure. The ASC Step 1 Certification will be awarded to those who score at least 80% on the post-test. This workshop is not a substitute for institutional credentialing or privileging.

OBJECTIVES

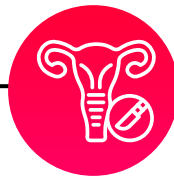

- Understand the key pelvic anatomy required for Total Laparoscopic Hysterectomy (TLH).
- Learn the step-by-step surgical approach to performing TLH.
- Practice essential laparoscopic skills, including dissection, suturing, and the use of energy devices.
- Develop confidence to perform or assist in TLH by practicing clear communication and instruction to surgical assistants.
- Learn to recognize, avoid, and manage common complications during TLH.

PRE-REQUISITES

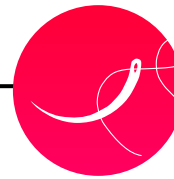

Basic Laparoscopic Skills

Minimum of **20** independent laparoscopic surgeries performed as the primary surgeon.

Experience in Abdominal Hysterectomy

Primary surgeon in at least **5 cases** or first assistant in at least **10 cases** of abdominal hysterectomy.

Laparoscopic suturing

Basic proficiency in laparoscopic suturing and knot-tying.

WHAT MAKES OUR COURSE UNIQUE?

Step-by-step guidance through every stage of TLH.

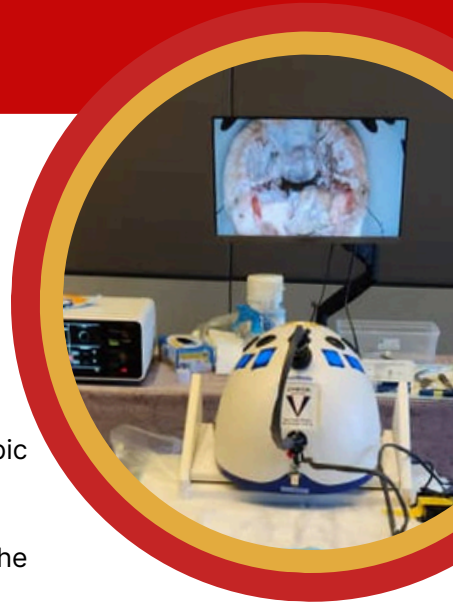

Special tissue-engineered model to simulate real surgical conditions.

Enhance your TLH surgical skills in a focused, hands-on setting.

Train confidently on advanced models designed for safe, realistic learning.

COURSE DIRECTOR

Prof Dr Nirmala @ Chandraleaga Kampan
Dr Chua Peng Teng
Dr Ng Ying Shan

FACULTY

Dr Sundar Gudan Santhana Dass
Dr Low Kah Pin
Dr Chuah Joo Ngor
Dr Marcus Chiang Kin Chun

ORGANISING COMMITTEE

Dr Norazlina Binti Ahmad
Dr S. Logapiriyah Sanmogom
Dr Saniyati Badri Binti Bashiruddin
Dr Noor Ayuni Binti Abu Yamin

CONTRIBUTING TRAINERS

(This workshop is part of a larger training program developed by 14 trainers. While 4 trainers lead each session, all have contributed to the course design and planning.)

Dr Sharifah Halimah Jaafar
Dr Sundar Gudan Santhana Dass
Dr Chua Peng Teng
Dr Ng Ying Shan
Dr Angeline Wong Tze Yin
Dr Ahmad Shuib Bin Yahaya
Dr Low Kah Pin
Dr Sufian Hadi Bin Tationo
Dr Lim Yee Cherng
Dr Chuah Joo Ngor
Dr Lee Chui Ling
Dr Marcus Chiang Kin Chun
Dr Jeremy Joseph
Dr Ong Zhong Wei

TENTATIVE PROGRAMME

Time	Topics
0800h	Registration
0810h	Pre-test
0830h	Cut with confidence - Mastering pelvic landmarks in TLH
0900h	Patient selection, positioning, equipment and operation theatre set up
1030h	TLH demystified - Key steps for surgical precision
1045h	Break
1115h	Techniques for specimen retrieval
1145h	Prevention and management of complications in TLH
1215h	Troubleshooting in difficult hysterectomy
1245h	ALLY UPS
1300h	Lunch
1400h	Hands-on GyneSim
1630h	Post-test
1700h	Closing
